Dear Sir:

Received your letter of Dec 29th, with enclosed book on
Blacksmith copper etc, thanking you for same.

I think the book is very satisfactory, and interesting to have also.

And herewith please find money order to cover cost of same,
anytime I can be of service to you, on some very fine specimens in
Canadian coins at reasonable prices, or coins of any other country, I will
be pleased to hear from you.

Just recently I have sold some very nice rare coins to
Mr Douglas Ferguson, of Rock Island, and he is well satisfied with them.
I am enclosing also a price list on Canadian coins, that may interest
you this corresponds to the Breton catalogue.

Thanking you, and trust we may hear from you again. I remain

BK/VMK.

Yours very truly,

Bert Koper
